Student Portfolio Website

A beginner-friendly web development project using HTML5 and CSS3

Project Description

Create a responsive student portfolio website using HTML and CSS. It includes a navigation bar, introduction, about section, skills, project cards, and contact link. The design uses flexible layouts, hover effects, and a mobile-friendly media query.

Features

- Responsive layout for desktop and mobile screens
- Navigation links to each section
- About, skills, projects, and contact sections
- CSS hover effects and a clean modern design
- Uses only HTML and CSS; no extra libraries required

How to Run the Project

1. Create a folder named **student-portfolio**.
2. Save the first code section as **index.html**.
3. Save the second code section as **style.css** in the same folder.
4. Open index.html in any web browser.
5. Replace the sample text and email with your own details.

File 1: index.html

```
<!DOCTYPE html>
<html lang="en">
<head>
  <meta charset="UTF-8">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Student Portfolio</title>
  <link rel="stylesheet" href="style.css">
</head>
<body>
  <header class="navbar">
    <a class="logo" href="#home">MyPortfolio</a>
    <nav>
      <a href="#home">Home</a>
      <a href="#about">About</a>
      <a href="#skills">Skills</a>
      <a href="#projects">Projects</a>
      <a href="#contact">Contact</a>
    </nav>
  </header>

  <main>
    <section class="hero" id="home">
      <div class="hero-text">
        <p class="tag">HELLO, I'M A STUDENT</p>
        <h1>Building my future<br>one project at a time.</h1>
        <p>I am learning web development and creating simple,
           useful, and creative digital experiences.</p>
        <a class="button" href="#projects">Explore My Work</a>
      </div>
      <div class="hero-card">
        <div class="avatar">ST</div>
        <h2>Student Developer</h2>
        <p>Learning • Creating • Improving</p>
      </div>
    </section>

    <section class="section" id="about">
